Package 'ToxicityAnalysis'

April 19, 2021

Type Package

Title Toxicity Interim Analysis by Bayesian Posterior Probability

Version 0.1.0

Author Dung-Tsa Chen, Zachary Thompson

Maintainer Zachary Thompson <zachary.thompson@moffitt.org>

Description Toxicity Interim Analysis by Bayesian Posterior Probability
Toxicity rate, number of patients, number of simulations and other parameters can be changed.

License file LICENSE

Encoding UTF-8

LazyData true

RoxygenNote 7.1.1

Imports shiny,
tidyverse,
DT,
lubridate,
janitor,
shinyjs,
ggplot2,
shinythemes,
survival

Suggests knitr,
rmarkdown

VignetteBuilder knitr

R topics documented:

Toxicity   *Toxicity Interim Analysis by Bayesian Posterior Probability*

Description

This function will start a "Toxicity Interim Analysis by Bayesian Posterior Probability" Shiny application

Usage

```
Toxicity()
```
